# NAME: SIMON ZEIDAN

Address: Chouf/Baakata- Beside Sayegh Center
Tel: +96171695422
Email:simon_zeidan@hotmail.com

**Nationality: Lebanese**
**Date of Birth: 9/5/1995**

## Academic Experience:

### Senior Project-Large Scale Survey and Vote System

The product is aimed to allowed the students of the Lebanese University to provide opinions about their professors and teachers, and to build a consolidated statistical view. My team was responsible for the mobile part of the system.

- We used cross-platform to build the application (react-native).

### System Administration-Ansible Automation Tool

The project was a study on the ansible automation tool how to install and use this powerful tool to remotely control multi-target machines, and run scripts, install programs on these machines.

- The report study on this tool is available on GitHub.
  https://github.com/SimonZeidan/I3351_Project

### Extracurricular project

Designed a personal Portfolio website using HTML & CSS, JavaScript; viewable at:

- https://simonzeidan.github.io/Portfolio

## Education:

**Bachelor Degree** *in Computer Science* -**Lebanese University**

Lebanese University, Faculty of Science, Hadath

2016-present B.S.

- Soon-to-be Computer Science graduate.

- Favorite area of study:

  – Relational Database

  – System Administration

  – Web Development

# Technical Skills & Qualification:

- **Programming**: C, C++, C#, Java, HTML5, CSS 3, JavaScript, JQuery, Bootstrap, PHP, YAML, MATLAB, Python.
- **Operating Systems**: Linux, Windows.
- **Databases**: Microsoft SQL, MYSQL, PHP My-Admin.
- **Frameworks**: Laravel, ASP.net core.

  **Exceptional skilled at all aspects of JAVA.**
- **Networking:** Configuration, Cisco Routing, Security Risk Assessment & Audit.

  **Worked on**

  VS code, pycharm, Postman, Visual Studio, WAMP Server, Microsoft SQL Server, CodeBlocks, Cisco Packet Tracer, IntelliJ IDEA, Eclipse Java, Apache NetBeans, Balsamiq Mockups, Matlab, Unity, GitHub, Sublime, Notepad ++, Adobe Photoshop.

  **Strong communication and collaboration skills.**

  **Skilled in critical thinking, Logic and high math.**
- **Hard Skills:** Data Structure, Security, Network.

# Activities:

*A member in LU Computer Science Club (Lebanese University Main Campus).*

# Certificates:

Certificate of Course Completion:

**Cisco Network Academy Ⓡ Introduction to Cybersecurity.**

**REFERENCES available upon request.**
